There are no translations available. We are glad to have the possibility to introduce you the new Catalogue of the Hungarian travel agency "Imola Tours". Our travel agency is specialized in incoming to Hungary from Germany, Austria, Spain, Greece and Cyprus, Rumania, Bulgaria. We are organizing special programs and round trips for the East European countries. Our travel agency is working with more than 280 partner offices all around Europe and maintains contacts with more than 2500 touristical organizations.

For our German partners we are offering special round trips in Transylvania which includes visiting ancient German cities (Kronstadt, Hermanstadt and more). We are also offering - on request - different programs ranging from traditional journeys to special trips to the Danube-Delta, the fishing paradise of Europe. This Catalogue includes all the services, which are - based on many years of experience - mostly requested by our partners.
